

Notice to Patients with Commercial and Medi-cal Insurance

Please note that we do not accept patients that have a Primary Commercial insurance plan (HMO or PPO) along-side a Secondary Medi-cal insurance.

If you have recently changed from a Medi-cal to a Commercial insurance plan, we must have written documentation that your Medi-cal is inactive, or it must be reflected on the Medi-caid portal that your Medi-cal is inactive.

It is the patient's responsibility to inform Medi-cal and cancel if you now have an active Commercial insurance.

By signing below, I acknowledge understanding and receipt of the above.
